#### **Position Location:**

Canada (Remote)

#### **Reports To:**

Director of QA

**What We're Looking For:**

- Currently pursuing a degree in Computer Science/Engineering or related field
- Experience with at least one programming language such as C#, Java, JavaScript, Python, or Ruby
- Strong attention to detail and analytical problem-solving skills
- Ability to work collaboratively in an Agile/Scrum environment
- Passion for quality assurance and software testing
- Knowledge of software testing methodologies and practices
- Familiarity with test automation frameworks
- Understanding of web and mobile technologies
- Strong communication skills
- 

**Unleash your potential: What you will be doing and owning:**

- Collaborating closely with Scrum teams to monitor and provide constant feedback, ensuring the quality of the final product
- Designing test strategies and executing various types of testing (functional, integration, end-to-end) across multiple platforms (mobile, web, portal frameworks)
- Creating, executing, and maintaining automated test scripts to meet software release deliverables
- Documenting defects with clear reproduction steps and conducting root cause analysis
- Participating in test case reviews to ensure requirements traceability and proper coverage

PAR is proud to provide equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. We also provide reasonable accommodations to individuals with disabilities in accordance with applicable laws. If you require reasonable accommodation to complete a job application, pre-employment testing, a job interview or to otherwise participate in the hiring process, or for your role at PAR, please contact [accommodations@partech.com](mailto:accommodations@partech.com). If you'd like more information about your EEO rights as an applicant, please visit the US Department of Labor's website.
