<b>Job Description</b>	

**Job Title: Software Engineering Intern**

**Job ID:** 1177592

**Location:** Spring, Texas, 77389-1767 | Bloomington, Minnesota, 55425-2640 | Chippewa Falls, Wisconsin, 54729 | Andover, Massachusetts, 01810-5897 | Durham, North Carolina, 27703 | Ft. Collins, Colorado, 80528-9544 | Milpitas, California, 95035 | Roseville, California, 95747 | San Jose, California, 95002

This role has been designed as 'Hybrid' with an expectation that you will work on average 2-3 days per week from an HPE office.

#### **Who We Are:**

Hewlett Packard Enterprise is the global edge-to-cloud company advancing the way people live and work. We help companies connect, protect, analyze, and act on their data and applications wherever they live, from edge to cloud, so they can turn insights into outcomes at the speed required to thrive in today's complex world. Our culture thrives on finding new and better ways to accelerate what's next. We know diverse backgrounds are valued and succeed here. We have the flexibility to manage our work and personal needs. We make bold moves, together, and are a force for good. If you are looking to stretch and grow your career our culture will embrace you. Open up opportunities with HPE.

#### **Job Description:**

##### **Job Family Definition:**

Designs, develops, troubleshoots and debugs software programs for software enhancements and new products. Develops software including operating systems, compilers, routers, networks, utilities, databases and Internet-related tools. Determines hardware compatibility and/or influences hardware design.

The Software Intern will apply basic knowledge of job skills and company policies and procedures to design, develop, troubleshoot, and debugs software programs for software enhancements and new products. This intern will develop software including operating systems, compilers, routers, networks, utilities, databases, and internet-related tool.

The Software Intern will receive general instructions on all work and works on assignments that are routine to moderately complex in nature and require basic problem resolution. These tasks include, determining hardware compatibility and/or influencing hardware design, and will gain exposure and growth expertise on a wide palette of cutting-edge technologies while being involved in delivering business-critical projects.

Will work closely with our QA, DevOps, Software Development engineers, and architects. Receives general instructions on all work.

**Additional Skills:**

**What We Can Offer You:**

**Health & Wellbeing**

We strive to provide our team members and their loved ones with a comprehensive suite of benefits that supports their physical, financial and emotional wellbeing.

**Personal & Professional Development**

We also invest in your career because the better you are, the better we all are. We have specific programs catered to helping you reach any career goals you have - whether you want to become a knowledge expert in your field or apply your skills to another division.

**Diversity, Inclusion & Belonging**

We are unconditionally inclusive in the way we work and celebrate individual uniqueness. We know diverse backgrounds are valued and succeed here. We have the flexibility to manage our work and personal needs. We make bold moves, together, and are a force for good.

Engineering

**Job Level:**

N/A

**States with Pay Range Requirement**

The expected salary/wage range for a U.S.-based hire filling this position is provided below. Actual offer may vary from this range based upon geographic location, work experience, education/training, and/or skill level. If this is a sales role, then the listed salary range reflects combined base salary and target-level sales compensation pay. If this is a non-sales role, then the listed salary range reflects base salary only. Variable incentives may also be offered. Information about employee benefits offered can be found at <https://myhperewards.com/main/new-hire-enrollment.html>.

USD Hourly: \$33.25 - \$46.00

Estimated job application period closure is May 2025. While this is the expected application time frame, there are many factors which may result in a change. If this position is still open beyond the anticipated closure time frame, it is likely HPE is still actively recruiting for this role and all qualified and interested candidates are encouraged to apply.

HPE is an Equal Employment Opportunity/ Veterans/Disabled/LGBT and Affirmative Action employer. We are committed to diversity and building a team that represents a variety of backgrounds, perspectives, and skills. We do not discriminate and all decisions we make are made on the basis of qualifications, merit, and business need. Our goal is to be one global diverse team that is representative of our customers, in an inclusive environment where we can continue to innovate and grow together. Please click here: Equal Employment Opportunity.

**Hewlett Packard Enterprise is EEO F/M/Protected Veteran/ Individual with Disabilities.**

HPE will comply with all applicable laws related to employer use of arrest and conviction records, including laws requiring employers to consider for employment qualified applicants with criminal histories. .

**Citizenship Requirement**

N/A
