Job Description

At Geotab, we have a long history of providing innovative solutions to our customers. We are now looking for a talented individual to join our team as a Software Developer Intern. This is a full-time, paid internship position that will last for 8-12 months, beginning in May 2025. You will be working on a variety of projects, including developing new features, improving existing ones, and testing our products. You will also be responsible for documenting our code and participating in code reviews. This is a great opportunity for you to gain hands-on experience in a real-world development environment and to learn from some of the best developers in the industry. If you are interested in this position, please send us your resume and a cover letter explaining why you are a good fit for this role. We will review all applications and will contact you if we are interested in moving forward with your application. We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, gender, religion, age, sexual orientation, or any other protected characteristics. We are committed to creating a diverse and inclusive workplace for all of our employees.

- 8-12 month work-term beginning May 2025.
- Full-time, paid internship: Monday - Friday, 37.5hrs/week.
- Your first week at Geotab begins with 'GEO Launch' - a one-week Employee Orientation. Click here to learn more!
- How you'll make an impact at Geotab Campus Program here.

- Deliver features to production which have immediate impacts to our customers
- Learn how our systems are deployed and scaled in the cloud
- Participate in code reviews
