Job Title: Application Developer APEX (Co-Op)

Job ID: 5900

Location: Winnipeg, Manitoba OR St. Johns, Newfoundland and Labrador

Build an Aviation Career You're Proud Of

At StandardAero, we use our ingenuity and know-how to find solutions for the simple to the most complex challenges in aviation. Together, we get the job done and done well. Our stability, resources, and respectful culture supports you in building a solid career with a great team you can count on day in and day out for the long term.

Position Description

If you wish to take your career to the next level by moving into an exciting and challenging role in the aerospace industry, then consider joining our team!

*This is a 16 week Co-Op position.

The Application Developer APEX will work closely with Business Analysts to evaluate user requirements for new or modified reports and accurately convert the specification provided into high quality reports.

- Periodically review status of assigned tasks, consult with business experts and peers and provide regular status reports to manager.
- Perform the full range of programming, testing and debugging.
- Write units tests, functional test and developer integration tests.
- Design, develop, test and deploy and implement robust, resilient and secure code with following industry approved coding practices from frameworks including OWASP, NIST, SDLC and PCI DSS.
- Follow change control processes and adhere to internal policies and procedures.
- Track, and record, daily activities. Provide weekly reports.

- Use internal applications to complete development assignments such as Microsoft Outlook, JIRA and Microsoft Word.
- Assist with resolving production problems and user calls.
- Collaborate with other application development team members.
- Carry out special projects as assigned.
- Responsible for observing all applicable safety requirements and reporting immediately any unsafe practices/conditions.

Relocation Provided: No

Raising the Standard of Excellence since 1911

With over a century of proven excellence, StandardAero has become an industry leader in MRO services and customized solutions in the aerospace field. Our shared values and learning-based culture inspire our team to exceed their potential and power our customers' missions worldwide. With on-the-job training, advancement opportunities, and excellent benefits, StandardAero invites you to experience a fulfilling and meaningful career with us.

Inclusivity Is Our Standard

StandardAero offers equal employment opportunities for all. Our supportive environment celebrates diversity with no room for harassment or discrimination of any kind. We invite you to bring your authentic self to our team and experience our welcoming culture.
