Job Description

Job Title: Développeur logiciel Stagiaire/Software Developer Intern - Été 2025
Job ID: JR0124645
McKesson is an impact-driven, Fortune 10 company that touches virtually every aspect of healthcare. We are known for delivering insights, products, and services that make quality care more accessible and affordable. Here, we focus on the health, happiness, and well-being of you and those we serve - we care.
What you do at McKesson matters. We foster a culture where you can grow, make an impact, and are empowered to bring new ideas. Together, we thrive as we shape the future of health for patients, our communities, and our people. If you want to be part of tomorrow's health today, we want to hear from you.
Program Overview
McKesson's Intern program is 10-12 weeks long, and is designed to provide:
• A real-life working environment
•A solid foundation of experience and hopeful offer of full-time employment
•A cohort experience with other interns
•Consistent senior leadership exposure and learning experiences
We are looking for candidates who have:
• Willingness to learn, develop, and contribute in a fun, demanding, fast-paced environment
•Self-starter that brings both interpersonal skills ability to identify a problem then solve it
•Passion and enthusiasm for healthcare and our customers' success
Work Term: Summer 2025
Duration: 4 months
Location: Hybrid - Automation Office9415, Transcanada Hwy, Saint-Laurent, QC, H4S 1V3
Job Summary:
We are seeking a talented and motivated Software Developer Intern to join our dynamic team. As an intern, you will play a crucial

role in developing and maintaining software applications, finding innovative solutions, and collaborating with a team of software engineers and quality assurance analysts.

Responsibilities:

• Assist in the development and maintenance of software applications that support our product portfolio.

•Work closely with data engineers to integrate data processing solutions into existing systems.

•Collaborate with the team leader to assess and estimate the scope and timeline of a project.

•Support the team in developing and testing applications.

•Participate in code reviews and contribute to improving software development practices within the team.

•Document processes, methodologies, and solutions for future reference.

We are proud to offer a competitive compensation package at McKesson as part of our Total Rewards. This is determined by several factors, including performance, experience and skills, equity, regular job market evaluations, and geographical markets. The pay range shown below is aligned with McKesson's pay philosophy, and pay will always be compliant with any applicable regulations. In addition to base pay, other compensation, such as an annual bonus or long-term incentive opportunities may be offered. For more information regarding benefits at McKesson, please click here.

Our Base Pay Range for this position

$16.56 - $26.41

McKesson provides equal employment opportunities to applicants and employees and is committed to a diverse and inclusive environment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, disability, age or genetic information. For additional information on McKesson's full Equal Employment Opportunity policies, visit our Equal Employment Opportunity page.
