**Job Title: Bachelors Cyber Security Co-op**
**Job ID:** HRD906921

**The future is what you make it.**
When you join Honeywell, you become a member of our global team of thinkers, innovators, dreamers and doers who make the things that make the future. That means changing the way we fly, fueling jets in an eco-friendly way, keeping buildings smart and safe and even making it possible to breathe on Mars. Working at Honeywell isn't just about developing cool things. That's why all our employees enjoy access to dynamic career opportunities across different fields and industries.

**Are you ready to help us make the future?**
As Cyber Security Intern here at Honeywell, you will have the opportunity to gain hands-on experience and contribute to our cybersecurity initiatives. You will work closely with our cybersecurity team to support various projects and learn about the latest technologies and best practices in the field. This internship will provide you with valuable skills and knowledge to kickstart your career in cybersecurity.

You will report directly to our SATCOM Software Development Manager, and you'll work out of our Kanata location.

**In this role, you will have the opportunity to:**
• Assist in the development and implementation of cybersecurity policies and procedures.
•Conduct risk assessments and vulnerability scans.
•Support incident response activities.
•Assist in monitoring and analyzing security logs and alerts.
•Participate in cybersecurity awareness and training programs
**KEY RESPONSIBILITIES**

• Assist in the development and implementation of cybersecurity policies and procedures

•Conduct risk assessments and vulnerability scans

•Support incident response activities

•Assist in monitoring and analyzing security logs and alerts

•Participate in cybersecurity awareness and training programs

## Job Requirements

**YOU MUST HAVE**

• Currently pursuing a Bachelor's degree in Cybersecurity, Computer Science, Software Engineering or a related field.

•Strong interest in cybersecurity and a desire to learn and grow in the field.

•Experience with C and C++.

•The Honeywell building is a controlled goods program environment. Candidates must be eligible for CGP clearance.

•Must graduate before May 2027.

•This is a 16-month Co-Op from May 2025 - August 2026.

**WE VALUE**

• Relevant coursework or projects related to cybersecurity

•Basic understanding of cybersecurity principles and best practices

•Strong analytical and problem-solving skills.

•Good communication and teamwork skills

## Citizenship Requirement          N/A

# APPLICATION INFORMATION
